SUMMARY

Junior frontend developer with 1.5 years of professional experience after a 6-month coding bootcamp. Comfortable with React fundamentals and HTML/CSS. Eager to grow into a senior role and pick up modern frameworks like Next.js.

EXPERIENCE

Junior Frontend Developer · TechStart Lisbon

Aug 2024 - Present

- Build small features in a React 18 single-page app (Create React App) - mostly form components, list views, and styling fixes.
- Pair with a senior engineer on bigger tickets; close 6-8 tickets per sprint.
- Wrote a handful of unit tests with Jest after onboarding.

Frontend Intern · TechStart Lisbon

Feb 2024 - Aug 2024

- 6-month internship working on internal admin tools.
- Converted a legacy jQuery dashboard to React. First production code shipped.
